

SMART HOME PRODUCT LIST

Orient Tech Limited

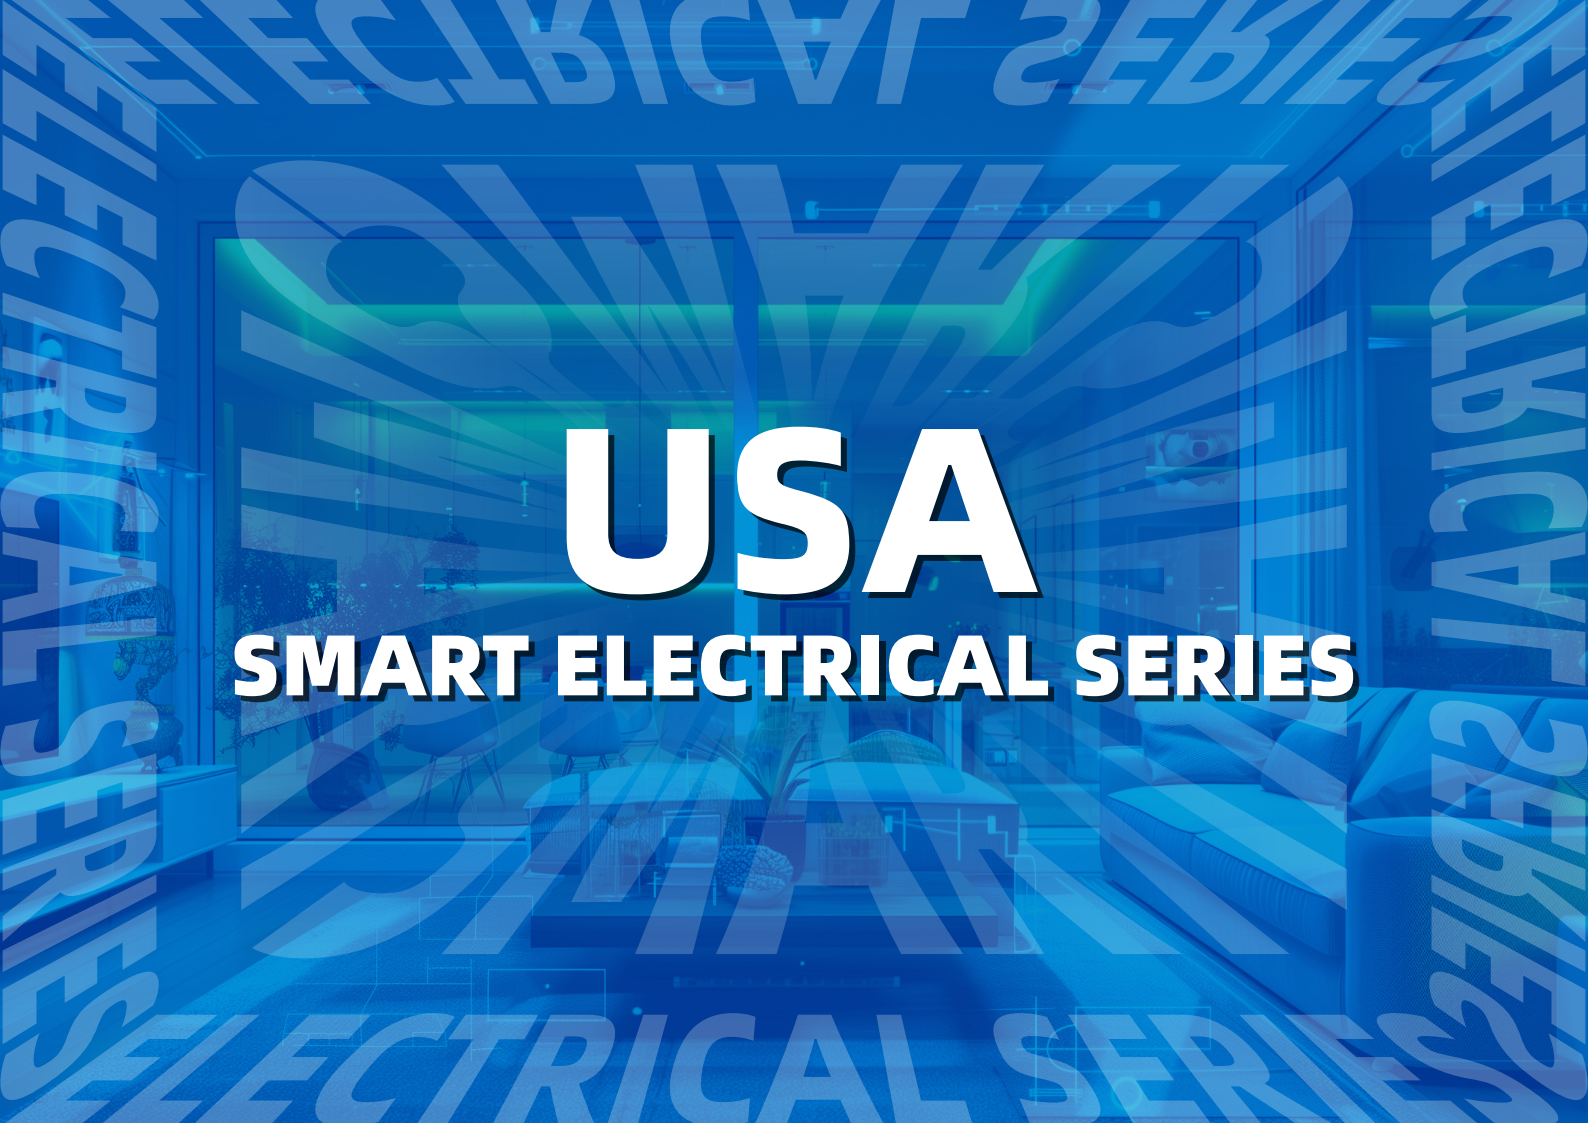

Orient Tech Limited was founded in 2011, which is a national high-tech enterprise focusing on the development, production, sale service of a series of smart home products such as smart plug, smart power strip, smart switch, and smart bulb in the IoT field, as well as super fast charging cart for laptop/iPad/Phone. Our headquarter and factory located in Hengli Town,DongGuan City,Guang-Dong Province,China.Our factory area of 10500 square meters and with around 180 employees. The company has established a R&D team with rich experience and strong technical capabilities, which has taken the lead in making breakthroughs in wireless design,

Antenna design, RF technology, etc., and its independent R&D strength is in the pole position of the industry.Help customers around the global to experience the coolest and most cutting-edge smart home tech through the constant flow of our innovation, and enjoy a more futuristic life. So far, we have supplied over 30 countries, serving millions of consumers worldwide with top-quality products with F C C, E T L, C E, C C C, E A C, K C certificated. We became I S O 9 0 0 1,2 0 1 5 certified company in many years and we sincerely welcome all clients from all over the world contact or visit our company. We will never stop to introduce advanced technology, equipment and management system to provide better services to our customers.

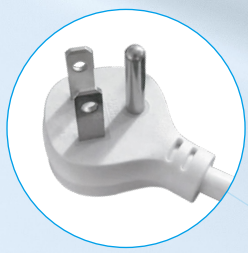

OIT brings the smarter lifestyle for you. Every device can be remotely controlled through the dedicated App and easily integrated into smarthome scenes. Turn on/off, change colors, adjust brightness, personalized your schedules and more with cellphone from anywhere and anytime.

OIT-WYDGL-24V-24D

- Protocol : Wi-Fi+BT
- No. of LEDs : 24 | 36 | 48 | 72
- Max Power : 12W | 24W | 32W | 48W
- Powered by : Separated controller & adaptor
- IP Rating: IP 65
- Length: Bulb spacing 50cm
string lights length 11.5m | 17.5m | 23.5m | 35.5m
Model No. VG-WYDGL-24V-24D | VG-WYDGL-24V-36D
VG-WYDGL-24V-48D | VG-WYDGL-24V-72D

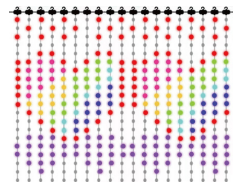

OIT-P100WW-LF5

- Protocol: Wi-Fi + BLE
- No. of LED: 100 | 100 | 120
- Input Voltage: 12V DC | 12V DC | 6V DC
- Light Color: Warm white | Warm white & White | RGB
- Powered by: Separated controller & Adaptor | Separated controller & Adaptor | Controller & Adaptor in 1 (or separated)
- Length: 10m string +3m lead wire | 10m string +3m lead wire | 12m + 3m lead wire

OIT-R10RGB-LSMD-G50

- Protocol: Wi-Fi + BLE
- No. of LED: 10/15
- Input Voltage: 12V DC
- Light Color: RGB+ White (programed by software, mixed by RGB)
- Powered by: Separated controller & Adaptor
- Length: 12m string, bulbs spacing 1M+3M lead wire
- Length: 17m string, bulbs spacing 1M+3M lead wire

OIT-PV400RGB-CSMD-10

- Protocol: Wi-Fi+BLE
- No. of LED: 400
- Input Voltage: 5V DC
- Light Color: RGB
- Powered by: Separated controller & Adaptor
- Length: 2x2m string +3m lead wire

OIT-NHWSC6-37T5

Music sync LED Neon Light Kit

- Wide angle illumination, soft light without dark spots
- Support music rhythm function, sound and light change synchronization
- Digital chip control, 30 modes of variable lighting
- IP67 waterproof, widely used for indoor and outdoor
- Soft light body, any angle bending, variety of shapes
